Dear,

I am glad to have an opportunity to present myself to your company for the position of Web Developer Intern . I am a student in the third year of engineering cycle at the Higher Institute of Applied Sciences and Technology of Sousse (ISSAT) in Software Engineering, as part of my training, I am looking for a graduation internship from next February.

This professional experience is decisive for obtaining my engineering degree and is an asset for my future professional career.

Particularly interested in the fields of Web Development, Conceptual Analysis, UX / UI Interface Design, Graphic Design. I would like to deepen my knowledge in these fields and discover other fields and technologies and contribute to the development and success of your projects.

My previous internships allowed me to develop my sense of analysis and design. In addition, my taste for computers and my first professional experiences as a team, are all qualities likely to meet your expectations.

It is with pleasure that I will make myself available for an interview to provide you with any additional details on my professional experience and my motivations.

Thank you for your time and consideration. I look forward to meeting with you soon.

Sincerely,

Dhia HADJ AMOR
